

Word Boxes (4 letter words)

1. Place different letter combinations in the boxes (using vowel teams for middle sounds [ai, ay, ee, oo, u_e (bossy /e/)]).
2. Ask the student to read each sound aloud (saying the "sound"). Alternate between saying them in order and randomly.
3. Ask the student to create words by sounding out the letters to make words. Record these words in the "Boxes Word List" (below)
4. Say a word and ask the student to identify (point) either the beginning / end / middle sound.
5. Say a word and ask the student to spell it using the letter names and pointing out each letter in the word box.

Beginning	Middle	End
